

# Geckolighting® LED Sports Floodlight

## Geckolighting® LED Sport Floodlights.

Designed specifically for Sports lighting to suit Stadium lighting, Sports fields, High mast installations for Docks, railway and container yards and other large scale outdoor applications. High strength, high quality, waterproof IP65.

### Features:

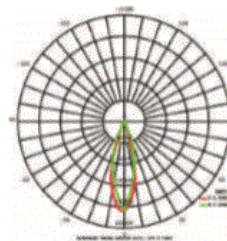

- High Quality AL1070 aluminum body
- Perfect Heat dissipation
- Great waterproof protection
- Laser sight option
- Photometric files available

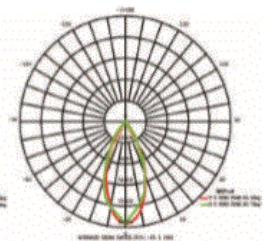

Model Number	75-FL500G2	75-FL1000G2
LED power:	500W	1000w
Input Voltage	AC100-277V AC277-480V	
Frequency Range	50/60Hz	
Initial luminous flux:	70,000lm	140,000lm
LEDs:	LUMILEDS 3030	
Luminous efficiency:	140lm/w	
Color Index(CRI)	>80	
Power Factor:	>0.95	
Power Source:	MEANWELL DRIVER HLG series	
Operating temperature:	-40°C ~ +50°C	
Color Temperature:	WW: 3000-3500K NW: 4000-4500K CW: 5000-6000K	
Beam angle:	30° / 50°	
Light Body & Lamphade	AL1070 Aluminum Alloy and PC lens	
Housing colour:	Black	
IP Rating:	IP65	
Dimensions – Width x Height x Depth:	379mm(W) x 567mm(H) x 254mm(D)	567mm(W) x 686mm(H) x 206mm(D)
Net Weight	14.8Kg	30.8kg

Optional Anti-Glare Cover & Laser Sight

30°

50°

Optional Beam Angles
